Four Historic Letters from Zukin Inagaki to Jack Austin

From 1949 onwards, the great Shin teacher Rev Zukin Inagaki and Jack Austin, founding member of the Shin Buddhist Fellowship UK exchanged more than 300 letters. Most of these air mail correspondences have been lost, however, ten were saved and published on the Horai website, developed by Hisao Inagaki to be a tribute to his father. <https://www.nembutsu.info/horai/index.htm>.

In a salvage operation that I had to undertake following a catastrophic computer crash I came across copies of four letters that are not included on the original Horai website.
